

The process for instructors wanting to become a Trainer Evaluator for the Senior OEC program is as follows:

1. An instructor that has passed their Senior OEC and wants to continue the process of becoming a Senior OEC TE must first contact the Senior Training Coordinator (STC).
2. You will continue with a mentoring process during the Senior OEC clinics. You will work with a TE (mentor) and given an opportunity to give feedback at the discretion of the mentor.
3. When the STC feels they are ready he/she will recommend you to attend a TE clinic.
4. All new TE's (provisional) are not to be the lead examiner at a Senior OEC evaluation their first year.
5. All new TE's (provisional) may not go out of region to evaluate. This is an Eastern Division policy.
